

Air Conditioning Products

- ◆ Reliable high- and low-pressure protection and fan trigger control.
- ◆ Specially designed for long life on heavy-duty vehicles.
- ◆ Proven on millions of heavy trucks and off-road vehicles.

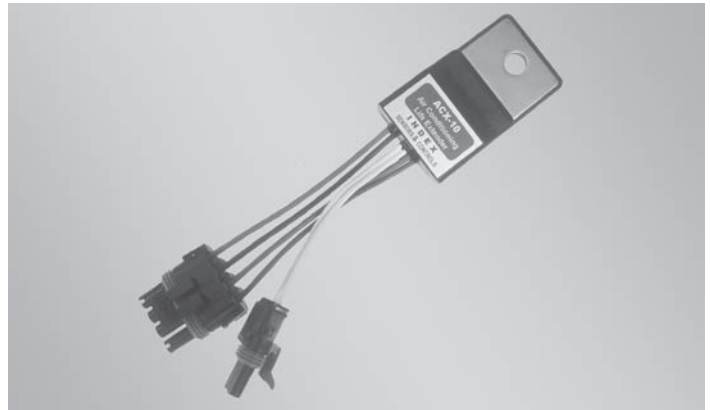

ACX-10

Air Conditioning Life Extender

Protects the compressor life by:

- ◆ Detecting pressure and voltage levels, specifically too high or too low conditions.
- ◆ Disengaging the A/C clutch until normal pressure and voltage returns.

Protects the starter motor by delaying the A/C clutch engagement until 15 seconds after ignition.

Index Part Number	Description	Notes
8041188	Kit, ACX-10	Requires a low pressure switch
8041190	Kit, ACX-10 w/ Pressure Switch	Kit includes a 34 psi, normally open pressure switch. Closes at 34 psi, reopens at 10 psi. M12 female Schrader fitting for R134a refrigerant systems.

APAds™

A/C Protection & Diagnostics System

- ◆ Monitors the A/C system to detect pressure and voltage levels and wiring conditions.
- ◆ Communicates with maintenance personnel describing the problem.
- ◆ Prevents the compressor by disengaging the A/C clutch.
